*Chorus.*

**E** **B** **F#**  
The King is coming, Kingdom's coming, coming down  
**E** **B** | **F#** | |  
The King is coming, Kingdom's coming, it's here and now *[repeat]*

*Vs 1.*

**E**  
This is the day where the saints are to pray  
**B**  
while the earth it shakes for the coming King to empty graves  
**E**  
This is the shout that the Church sings out

and the power of God makes the walls fall down

**B** | **F#** | |  
and the Cross will save making blind hearts brave  
*[repeat Chorus // to Vs2]*

*Vs 2.*

**E**  
This is the fight where we lay down our lives  
**B**  
and the martyr's blood cries out for the death of pride  
**E**  
This is the war that is already won, so why are we fighting  
**B**  
when we should be singing of what love's done  
| **F#** | |  
that He's already won *[repeat Chorus // to Bridge]*

*Bridge.*

**G#m** **F#** **E** **F#**  
It's right outside the door, what are we living for? *[repeat Bridge]*  
*[repeat Chs 2x // 1st time drums only // last time as tag]*
